

## Volume Controller with Relay T-1

### Specifications

Model	T-1
Rated Power	5W
Type	Resist
Steps	/
Relay	24V
Parts	3.5 × 2.0 Screw

Note: T-1 model can be packed in standard general-purpose plastic boxes (L86 × W 86 × H50mm) for installation.

## Resistance volume controller T-2

### Specifications

Model	T-2
Rated Power	5W
Type	Resist
Steps	5
Relay	NO
Parts	3.5 × 2.0 Screw

Note: T-2 model can be packed in standard general-purpose plastic boxes(L86 × W86 × H50mm) for installation.

## Active volume controller (with Relay and program selector) T-3

### Specifications

Model	T-3
Rated Power	5W
Input Voltage	~220
Output Impedance	47KΩ
Input Channel	5 channel
Steps	5
Relay	Yes
Output Moed	Externally connect to power amplifier device
Parts	3.5 × 2.0 Screw

Note: T-3 model can be packed in standard general-purpose plastic boxes (L86 × W86 × H50mm) for installation.
