

5-Channel Volume Control with Relay T-6239F

Features

- * 5 channel separate volume control
- * Tabletop and rack mounted design in 1U height
- * Built-in relay
- * An override feature is provided to disable the volume control settings in case of an emergency
- * 5 channels inputs and output
- * 5 independent channels, 200 watts per channel, total 1000W control capacity
- * 5 steps attenuation
- * Convenient and fast remote control the zone volume
- * Frequency response from 100 Hz to 16 KHz while distortion less than 1.5dB
- * DC 24V interface

Specifications

Model	T-6239F
Output Level	0V~100V
Input	100V
Frequency Response	100Hz~18KHz
Relay	DC 24V
Power Consumption	5W
Weight	4.6Kg
Dimensions	484 x 144 x 44mm

Connections
