

Specifications

Model	T-821
Audio input	0.775V
Mic input	500Ω /10mv
S.N. ratio	85dB
Output Frequency Range	50Hz-15KHz
Output	Balance output 0~6V
Standard Communication Interface	RJ45
Standard Communication Protocol	Photoelectric coupling
Communication Speed	9600bps
Power Consumption	7W
Power Supply	~110V/60Hz or ~230V/50Hz
Dimensions	247x141x72mm
Weight	1.8Kg

Features

- * Rack mount design in 2U height
- * Multi-zone synchronous paging control.
- * The paging system with intercom features which makes several paging consoles could communicated with each other.
- * Several paging consoles could make announcement to same zone consequently
- * Capacity of 12 zones synchronously paging without disturbance.
- * The system can be expandable to 24 zones after series connection
- * Intelligent address distribution, free use is available.
- * Full automatically detecting, displaying the connecting and paging status with other devices in real-time.
- * Remote paging, maximum distance can be up to 1000m through CAT 5 cable
- * Intelligent LED addresses status display.

Optional

- * DC 24V
- * Panel with/without handhold

Connections
